CLARESHOLM LOCAL NEWS

The L. C. Cramer farm, a mile east of town, was sold last Saturday to J. W. Hallett.

Stanley Carey purchased the McLean ranch in the Meadow Creek district this week.

J. Reynolds and N. Lepard returned from their trip to Didsbury on Monday. They purchased some land east of Didsbury.

A number of Nanton and Cayley men were in town on Thursday to see the municipal grader at work. It was a surprise to them to see the ease with which the thing did its work.

While at practice on Monday evening, McLean, of the baseball team broke a finger in attempting to catch a high batted ball that he had to jump for. The injury will probably put him out of the game for the season.

Champion and Stately played an excellent game at Stately on Wednesday. Both sides put up some skillful playing and the score stood at the close 10 to 6 in favor of Stately. Jack Hughes stole the only run that was made.

Pte. Earl Atkinson arrived home on Monday night, looking none the worse for his twelve months in the army. He joined the "Mounties" about a year ago and took part in the march into Germany after the signing of the armistice.

Lieut. D. Munroe returned on Tuesday night. He was with the first thirteen boys who left here shortly after the war broke out. He received his promotion on the battle field and has played his part well throughout the war. He was attached to the Canadian Light Horse. He was fortunate in escaping wounds and returned in perfect health.

Pte. J. A. Harrison Jr. returned home Monday from overseas. He was with the 14th Mounted Rifles in June 1916, and spent more than eighteen months in the trenches in France. The last three months before the armistice was declared he was ill in the hospital. He arrived in Calgary Sunday night where he was met by his father and mother who had motored to Calgary to meet him. He was one of the fortunate ones who went through the war unscathed.

That Vote on Church Union

To non-church goers it would appear that once more a defeated sectarism has defeated church union, and that an intelligent majority has to give way to an ignorant and small-souled minority. But a careful survey of the conditions under which the vote was taken will show that such a conclusion is hardly warranted.

Several years ago when a similar vote was taken the Methodist church carried it with a unanimous vote save one, while the Presbyterian church defeated it by a vote of 19 to 4. In the recent vote the latter carried it by a 65 per cent vote while the Methodist vote was a tie, which would indicate that the Presbyterians were the progressives and the Methodists retrogressives.

Since the vote nothing has been done, the general opinion being that the majority was not sufficient to warrant any further steps being taken. Consequently we have nothing to look forward to for the coming year but the same old rivalries and petty prejudices and the same insignificant congregations that have been characteristic of our church life during recent years.

One listens in vain for a sane argument against church union. To say that the two bodies of Christians could not get along together is a confession of weakness and hypocrisy since the basic principle of Christianity is the spirit of forbearance and forgiveness such as was exemplified in the life of Jesus.

To argue that there is no necessity for church union sounds strange when we remember the grayer of Jesus when he prayed that his followers "may be one even as I and my father are one." Financially the multiplicity of churches is a terrible waste of the Lord's Treasury, and it is questionable whether anyone who rightly realizes his responsibility in administering that portion of his income which he calls the Lord's share, can conscientiously apportion any part of it to unnecessary local church expenses.

From a social standpoint church union would have excellent results. Today citizens living side by side are comparative strangers to one another. Sectarianism keeps them apart and breeds suspicions and prejudices. Church union would create a community spirit such as we have never yet known and which would mean a great deal for the future development and progress of the town.

One of the leading members of the Methodist church stated after the vote was published that he did not know of a single member of the Methodist church who was not in favor of church union. If this is true we must look for other reasons for the negative vote. One does not have to investigate far to find that it was largely due to the shyness of certain unscrupulous persons who did not hesitate to impute wrong motives to those who were championing the movement. Their littleness of soul evidently made it impossible to believe that anyone could be actuated by any other than selfish motives.

The majority of those who voted against union did so because they were told that it was the only way to keep their present pastor. One cannot but admire them for their loyalty to a faithful pastor, but by this time, no doubt, they realize how grossly they were misled.

The supporters of church union are not by any means discouraged. Church union is coming. The narrow sectarianism which has so long held the church in bondage, marred its usefulness, and closed its doors to a large portion of the intelligent men and women of the world, will be discredited and cast off, and a new church, broad in its sympathies, international in its vision, shall rise to take its place. It is the hope of every intelligent Christian that within the next twelve months church union will be consummated through the Dominion, and we venture to say that when this is brought about, that thousands now outside the church will flock into the broader and bigger church where they will find ample scope for their energies and service for their talents.

Many of our readers will learn with regret of the failure of the present movement. Let no pessimism, however, mar our vision. Ancient prejudices die hard, but they die. As the sun dispels darkness so knowledge will dispel ignorance. There is much rubbish yet in the world, but it is being cleared up. Both church and state are under fire and they will come out purer and better for the experience. R. K. P.

The Church Finally Recognizes the Screen

Dr. Christian F. Reiser, one of the leading Methodist ministers in the United States, acted as spokesman for a committee representing the Methodist Episcopal Church, in a visit to D.W. Griffith in Los Angeles. Dr. Reiser is one of the broad minded clergymen of the church, and was able to convince his colleagues of the tremendous power of the screen, and the committee was sent across the country to ask the main-director to become their advisor in introducing motion pictures into every Methodist church in America.

When the place of the church, nature, it will become one of the most important film distributing concerns in the world, and a producing organization will be controlled by the church.

The latest step on the part of the Methodist church as a whole in the United States cannot but help influencing the staid members of that church in Canada, which has, in the past taken great delight in attacking the motion picture industry at every opportunity. The revolution which is taking place in the Methodist church in America will extend to Canada, and at that time we will find a change in the attitude of Methodists toward motion pictures. The only way in which they can be made to understand enough to look into the real value of motion pictures in the community is to have them stick a finger into the pie, and when they do this, we will find it easy to deal with the many unjust laws which are on the statute books today as the result of the agitation of church representatives with the law-makers.

Annable's Weekly Store News

This week we want to call your attention to our splendid range of new spring goods. They are here in great variety. We will be pleased to have you come in and look them over.

SILKS in all the very newest designs and shades to please every taste.

GINGHAMS—all new, all fast colors, stripes, checks and plaids; suitable for old and young.

PRINTS—a great variety to choose from in both dark and light shades, and all fast colors.

More Production To Solve Labor Unrest

Ottawa.—That there is a shortage of food in the world; that Canadian prices are regulated by demand abroad; that there is a need for a surplus of food supply in Canada; that the duty of Canada is food production for the benefit of itself and the world, that the government may present a program to regulate the cost of living, and that industrial unrest can be traced to the cost of living, were stated in the senate by Hon. G. D. Robertson, minister of labor.

Hon. Mr. Robertson said that there appeared to be a great deal of misunderstanding in Canada as indicated by press comment and resolutions calling for enquiry to reduce the cost of living and charging present high prices of food to hoarding for profit. Mr. Robertson said the people of Canada should know there is no surplus of food in Canada, and unless production was increased there was little hope for such reduction of food prices.

As to food in cold storage if at once realized, little would be done to reverse the situation. If all the butter in storage on May 1 were divided it would give each Canadian 1.7 ounces; a division of oleomargarine would give each Canadian less than a quarter of a pound. The quantity of butter in cold storage was 538,234 pounds; oleomargarine, 31,304; cheese, 46,061,318 pounds; eggs a half dozen per 20,000,000, or a third of a dozen per pound; pork two and a half pounds per head, and three and a half pounds per person. What portion had been sold for overseas consumption he could not say. He gave the figures to show the correctness of the idea that the present high price of butter, for instance, was due to there being large quantities in storage held by the benefit of the owners. This was the season of egg production when usually they are collected for storing, but today eggs are not forthcoming, and therefore only small stocks are being laid away. Unless production increased there was the prospect of an egg famine within a year.

Get the first of it. In another column appears the first chapter of our new serial story.

Steamer Brings

Consisting of Guns Captured by Canadian Soldiers

Montreal.—The steamer *Vindella* brings an interesting and historic cargo in port, consisting of guns and captured guns which were wrested from the Germans by Canadian soldiers. Among the heavy artillery is a big gun which is labelled "St. Lawrence Division, 24th battalion, No. 940" and this is consigned to the Victoria Rifles. The number 917 is for the 21st Canadian battalion and it is addressed to the lieutenant-governor of Ontario. Number 960 was captured by the 31st battalion, western unit, in August last, and it is consigned to the lieutenant-governor of Alberta. Number 961 was captured by the 25th battalion of Nova Scotia. There were others, but they were in many cases illegitimately marked.

Friendly Reception Of Austrian Delegates

Paris.—Karl Renner, the Austrian chancellor, brought his peace delegation and their associates to St. Germain, near Paris, and at a later date will appear before representatives of the allied and associated powers to receive the conditions which will spell peace for the former empire.

A notable feature of the reception was the absence of Germans, who had requested permission to greet the Austrians, but had been denied the privilege. The project of the department, M. Chatelet, not the Austrians, and although there was no official handshaking, many members of the party were greeted by unofficial handshakes from old acquaintances as they were being shown to the waiting automobiles.

The delegates then proceeded under military escort to the hotel where they were to stay, overlooking the valley of the Seine and Paris and looking the high fens and sentries so much in evidence at Versailles.

It was a spontaneous crowd which awaited the delegation, French, Eng-

Winipeg Paralyzed by Strike

Greatest Labor Struggle in City's History Now in Progress

Winipeg.—Winipeg is now in the throes of the greatest labor struggle of all her history. Estimates vary widely as to the total number of workers out on strike, these running from 15,000 to 27,000.

A mass meeting of the G.W.V.A. Army & Navy Veterans and Imperial Veterans of Canada associations, in attendance all men of the army and naval services, a resolution was passed to the effect that every legitimate union should be used to preserve law and order; and providing, further, that when the present trouble has been adjusted the returned veterans and labor representatives will discuss the deportation of the undesirable enemy alien.

The mayor and city council are grappling with the problem of maintaining the essential services of public utilities, police and fire protection, and the great bulk of the work of the industrial and commercial life in Winipeg is represented among the strikers. Wholesale and retail stores are affected, and a number of cases have been reported of the undesirable enemy alien.

The large department stores experienced only a partial walk-out and are continuing to give service. The great extent of these, employing some 6,000 hands, led the assistance of about 700 employees, including engineers, transporters, grocery clerks, butchers, and lunchroom waitresses and kitchen help.

With only the postmaster, his deputy and three stamp clerks remaining on duty, the post office is tied up—300 postal workers having quit at eleven o'clock. Street railways are out of a complete standstill, while the operation of the city granting the utilities permits to again operate is under advisement.

Free automobile rides for motorists are again being offered by auto clubs. The free ride is not to a man, except for the chief and his deputy and district chiefs, the department being manned by volunteer help. Numerous other clubs have been answered, but nothing of a serious nature had to be feared with all the cooperation with a few exceptions, and on strike, and there is not an even pay a bill.

Lights and power and waterworks employees are out, but efforts are being made to continue the water supply and to ensure least a rough power for domestic lighting purposes. More than 4,500 men, including clerks, car checkers, etc., are out in the C.P.R., C.N.R. and G.T.P. railways.

Assassination is Threatened

Attending State of Affairs in Ireland. London.—An astounding state of affairs in Ireland was revealed by the Lord Chancellor in moving the second reading of the criminal injuries (Ireland) bill in the house of commons. The bill relates to the crime of assassination in the case of any officer of the law who is killed or injured while on duty. In response to a government proposition in Tipperary a counter-proclamation was issued, which declared that any person in the pay of the law, including justices, jurors, and clerks, would be deemed to have forfeited his life.

Civilians who gave information to the military or police would be executed—"that is to say, shot or hanged." Volunteers were also called upon to contemplate the possibility of offensive action, more strenuous than in the Easter rebellion. The men who were exposed daily to such risks, said the Lord Chancellor, should be protected by the whole force of the country, and if they became the victims of assassination, adequate provision must be made for their widows and families. Lord Crewe, however, thought the situation had been exaggerated. Political sympathizers with the party of violence were taken a step to the left, and were less inclined to support the cause of law and order. The bill was read a second time.

Nearly Three Million Loaned. Regina, Sask.—Major Ashton of the soldiers' settlement board, stated here that in April well over \$500,000 had been loaned in Saskatchewan, \$1,200,000 in Alberta and \$1,035,000 in Manitoba. He expected May loans in Saskatchewan on wheat and stock raising to be about the same.

It is probable that a western conference of these connected with soldier settlements in an official capacity will be arranged for this summer.

Will Not Strike. Lethbridge.—Civic employees who voted some days ago to go on strike have recanted and have agreed to support for a Dominion board of arbitration to settle the dispute.

Public Health Nurses in Alberta

Welfare Stations Established in Various Parts of the Province

Edmonton.—Thirteen public health nurses will shortly be appointed to welfare stations in different parts of the province for the purpose of carrying on the campaign of health and welfare education inaugurated last year. A new class of nine nurses, in training on the general course of Dr. Herbert Janikson, is this week taking clinics from the public school health officers and in city hospitals, and will be ready in the course of a few weeks to go out with the four nurses already in service to the several points to be occupied as working centres this summer. It will be the duty of the nurses to look after the health inspection of schools in their districts, the general promotion of child welfare, pre-natal work and mothers' meetings and the inspection of the great bulk of the industrial and commercial life in Winipeg is represented among the strikers. Wholesale and retail stores are affected, and a number of cases have been reported of the undesirable enemy alien.

Alien Homeesteaders To Be Investigated

Action Taken to Make Them Available for Soldier Settlement

Ottawa.—Dominion lands held by alien homesters are to be investigated by the Dominion land agents and action taken to make them available for soldier settlement.

This action is the result of conferences between the department of interior and soldier settlement board. It has been decided to close the land held under the temporary reservations which might now be discovered.

The soldier settlement board will take steps at once to enlist the cooperation of municipalities in ascertaining the local sources of information concerning such lands.

"Black Chew" The Best Black Pipe Chew Tobacco on Market

Ships Lost in War

Britain Lost 2,197 Merchant Ships With a Tonnage of 7,638,000

London.—The ministry of shipping announces the number and tonnage of allied merchantmen lost through enemy action and in Britain, 2,197, tonnage 7,638,000; France 238, tonnage 687,000; Italy 230, tonnage 742,000; Japan 29, tonnage 12,000; United States 89, tonnage 341,000. In addition to the foregoing 20 British vessels, tonnage 45,000 tons, were lost on admiralty service.

An absorbing romance in serial form commences in this week's paper.

Alghans Violate Treaty

London.—A Russian government wireless message received says that an Afghan mission has arrived in Moscow to establish relations between Afghanistan and Russia.

This is in violation of the treaty between Afghanistan and Great Britain, under which Afghanistan is not allowed to enter into relations with any foreign country except Great Britain.

Recruiting for R.N.W.M.P.

Toronto.—An appeal for recruits to enter the service of the Royal North West Mounted Police is being made in this city owing to the great shortage of man power in the west.

Inspector W. P. Byrnes, of Regina, visiting the office of the provincial government employment bureau in search of recruits, said that during the past three years they had lost fully 900 men, 750 of whom served in France and the remainder in Siberia. The need of increasing the force has been placed before the authorities who are offering a splendid opportunity to physically fit unmarried returned soldiers or civilians who are desirous of securing outdoor employment.

Purchases in Argentina

London.—German wireless messages state that the German finance commission at Versailles thinks that Germany has bought in the Argentine 12,000 tons of wheat and 20,000 tons of fax seed. On being informed, the estimate sent 20,000 tons of fax seed to La Plata so that tonnage was assumed for a further 600 tons of Argentine purchases.

Blatant Indignance

London.—Blatant wireless messages state that the entire press is indignant with Rumania's response to the German ultimatum and declares that the only reply to such arrogant terms is by arms.

Must Dismantle Armament Works

Murdered By Sinn Feins

Attack by Armed Gang Near Limerick

Knocknol, Ireland.—Four police officers who were taking a Sinn Fein prisoner to Cork were attacked by an armed band at the Knocknol station. The armed men rescued the prisoner and killed one of the policemen and seriously injured another. A third policeman is missing.

Knocknol is a small town in Limerick county about eight miles southeast of the city of Limerick. It is on the Great Southern and Western railway.

War Expenditures

Britain Spent a Large Amount in Canada During War Period

London.—In the hundreds of millions of pounds sterling, Canada was approximately £225,000,000 sterling; in Australia £291,000,000; in New Zealand £75,000,000; in South Africa £23,000,000; and in Newfoundland £2,000,000.

Will Import Canadian Wheat

Montreal.—Julius H. Barvis, executive of the United States Grain Corporation, who conferred with ministers here, announced that the corporation had arranged for a moderate importation of wheat from Canada.

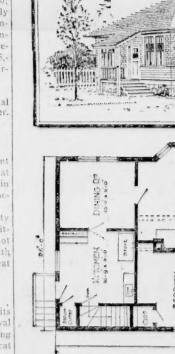

He stated that a moderate downward revision of prices in foodstuffs was anticipated, and that sufficient wheat was available to keep the price of flour from soaring above \$12 a barrel. He added, however, that no radical price revision could be expected unless the American export demands were greatly reduced.

Italians Land in Dalmatia

London.—The Italians are landing military forces at Zara and Zadar on the coast of Dalmatia, according to a Reuters dispatch from Belgrade. The Serbian capital. The Italians are being most careful and are fortifying the ridges and passes.

A Six-Room Bungalow

The above bungalow shows a lay-out which is simple and at the same time convenient, with practically no space wasted.

The above bungalow shows a lay-out which is simple and at the same time convenient, with practically no space wasted.

Germans Must Sign Or Armistice Ends

Paris.—The German peace delegation is busy preparing voluminous counterproposals for submission to the allied and associated powers.

It says Germany is ready to do willingly. It is added, however, that the delegation must, including the one coal supply.

The council of four, composed of Premier Lloyd George, Clemenceau, Orlando and President Wilson, are expected to discuss the question of the imposing of the blockade on Germany in case that country declined to sign the armistice.

The subject was under discussion at two separate meetings of the council. On the other hand it is anticipated that the blockade will be entirely lifted immediately if the German delegation affixes their signature to the treaty.

A note on reparations does not protect against the payment by Germany for the devastation wrought in Belgium and northern France.

Canada's Financial Problem

R. H. Coates, Dominion Statistician, in a recent article in the Monetary Times on "The National Wealth and Income of Canada" says: "Back of the entire reconstruction and rehabilitation problem stands the financial problem; how can we produce and save sufficient wealth to liquidate the obligations of the war?"

The Greater Production campaigns of the last two years have demonstrated that, in the matter of production, Canadians will be equal to any demand that is likely to be made on them. But, saving is quite another thing. Canadians should cultivate it more; for what will greater production avail, unless, at the same time, there be greater saving? Canadian enterprise will solve the problem of Greater Production. The Canadian War Savings Plan will solve the problem of Greater Saving. Through the purchase of War Savings and Thrift Stamps saving is made easy. These stamps will greatly help solve Canada's financial problem.

CORRESPONDENCE

Dear Mr. Editor:—I trust you will allow me a little space in your paper to say a few words about a matter which should be of first importance to the citizens of our town.

Our townsmen may boast of their new sidewalks, their growing residential section and their new places of business, but they have no reason to feel an inkling of pride over the reception they are according the boys who are returning after having fought and won our battles for us. It is a thing which all of us must feel a bit backward in mentioning—the fact of the matter is, we are ashamed of what we are doing, and rightly ashamed, too, because someone will not start the ball rolling! There is no doubt about it every citizen who has the boys for what they have done for us, but how are they to know we appreciate their sacrifice if we do not show them by an open expression of our thanks? There is no better place, no better time, for this, than when the boys step off the train on their home-coming. Think how much better it were for them to be greeted by the rousing cheers of the townspeople and the music of the band than to see a handful of people on the platform looking so forlorn as to suggest the town were dead and just waiting for the undertaker. This is not a duty devolving upon one person or upon a few; it is the duty of every man, woman and child in our town—a duty sadly neglected.

It is but a matter of months since Clarendon had the reputation of giving her boys the best reception of any place in Alberta, and now when they come home there is no doubt we are glad to see them but we consider it too great a sacrifice to walk over to the train to give them a cheer. It is a fact that while other towns weel come their veterans en masse since the war is over, Clarendon lets slip by the opportunity to extend the "glad hand."

A rank disgrace—nothing less is it, that so many boys have come home without a proper welcome but we know these boys will let the absence of their welcome mark that of the boys yet to come.

Where are our civic officials, our local orders, our handsmen, our cheer-leaders, our citizens as a body, when these trains pull in? Generally any place but the station.

Wake up Clarendon! We've slept long enough! Let us welcome the next boy as he should be welcomed.

A Citizen.

Mr. Editor:—

I am an interested reader of your local paper and would like to see the subject approached as I know a good many others would also like to hear different opinions. Was our Honorable Member put in with the sole purpose of looking after prohibition alone? The comment is getting rather general. A good many would like to see our town take a little interest in our bad

Oil is a cheap fuel for cooking—No ashes to clean up. No fires to build. What could be less trouble?

A Floor-rice Automatic with a McClary's Success oven will give you the best baking you ever enjoyed. No odor. No waste to bother with. Save fuel, have a cool kitchen. Call and see the Florence in actual operation.

roads that are a detriment to the welfare of the people also. A hobby-horse is all right but it is a poor idea to ride him to death. I am a believer in prohibition but I think more harm than good can be done by going too far.

A Farmer's Wife.

"Go to Sunday School Day"

Our Provincial Government has seen fit to issue proclamation calling upon all people in the Provinces on May 25 to attend some Sunday School session that day.

The Alberta Sunday School Federation has prepared a special programme for that occasion and has distributed the same in all sections of the province.

An effort is being made in this way to arouse interest in the work of Religious Education. The various denominations have joined their forces in this work and thus present a united front. Only one in ten in the Provinces attend Sunday School now. Why not all turn out that day? The General Secretary of the Federation would like to have a report for the day. A card to 490 Maclean Bldg., Calgary, would be appreciated.

Lutheran Convention at Clarendon

The Medicine Hat Circuit of the Norwegian Lutheran church of Canada will hold a convention on missions and church work at the Lutheran church, Clarendon May 25, 26, 27. The pastors and delegates from the congregations in the circuit are expected to be present and take part in the discussions.

The special feature for Sunday evening is the program under the auspices of the local Young People's Society.

Hundreds of Thousands of WEBSTER'S NEW INTERNATIONAL

For description of our special deals call on Fraser & Peck, our representatives in Clarendon.

"In a demonstration at Martineville this week in which nine machines took part the Moline Universal finished its land of one and one-third acres five minutes ahead of its nearest competitor, and each tractor was pulling three plows instead of two for us. The official time showed that it plowed an acre in fifty and one-half minutes at a cost of fifty-five cents per acre for fuel."—General Supplies, Limited, Calgary, Alta.

If you want a loan on your farm see Fraser & Peck.

Spring is Here!**Have you had your car overhauled?**

It will only be a short time until you will be giving it a lot of hard work, and you can hardly expect it to go on year after year giving you good service, without having it gone over and the wear which is bound to develop taken up.

Now is the time to have this done, so the car will be in first class shape and in condition to give you the service you expect of it throughout the summer. Let us give you an estimate on putting your car in first class running condition.

How about a coat of Paint?

We have just received a large shipment of special auto finishings which are easily applied and will prove a very durable new finish to your car. This includes dressing for the leather upholstery as well as both mohair and leather top dressing.

Ask us more about this.

Clareholm Meat Market

D. A. Anderson wishes to announce that he has now opened up again, in a modern well ventilated market, where every attention will be given to customers.

We are receiving Fresh Habbit and Salmon every Tuesday and Friday morning direct from Vancouver.

Also in connection we have an excellent cooling system which is always below freezing, where cooked meats of all kinds are kept.

Phone orders promptly delivered.

Thanking you for past favors,

Yours truly,

D. A. ANDERSON

Clareholm Local News

A. E. Strange left last week for a visit to the coast.

Dave Colwell was in town at the beginning of the week.

L. Torgerson left on Monday for his ranch near Wainwright.

Born, to Mr. and Mrs. Richard Douglas, on May 14th, a daughter.

Watch for dates, "Hearts of Humanity."

G. Moir of Barons was visiting Mr. and Mrs. Moffatt last Sunday.

The L. O. D. E. will meet in Harrison Hall on Tuesday next, May 24th, at 4:30 p.m.

The two residences east of the track belonging to J. W. Hallett, were sold to L. C. Cramer.

Stanley Ferguson returned from Blindloss last Saturday. He will spend the summer in Clareholm.

Watch for dates, "Hearts of Humanity."

Sergt. Gittus was in town on Thursday in connection with the war savings and thrift stamp campaign.

Carl Edlund, son of John Edlund, has gone to Calgary to take a business course in the training school operated by the government for returned soldiers.

Do not miss the rare treat that is in store for you May 24th. Miss Siegel's realistic impersonations repeatedly win for her spontaneous and hearty applause from her appreciative auditors.

Watch for dates, "Hearts of Humanity."

A baseball game between Clareholm and Barons was played at Barons on Tuesday. On the whole it was a poor exhibition, although there were a few bright spots. The score stood 8 to 4 in favor of Barons.

The Park Association have arranged sports for the 24th of May. As is customary, the main proceeds of this day will be devoted to the expenses of the Park Association, who are at considerable annual expense in maintaining the grounds and recently sustaining a loss in the destruction by wind of one of the barns, which will be rebuilt as speedily as possible.

A Reminder.—The local committee of the Red Triangle Fund Y.M.C.A. respectfully announces that the subscription list still remains open. Contributions may be handed to R. S. Law, chairman, or J. Walker, treasurer.

Albert E. Strange Jr. had a very narrow escape from serious injury while attempting to ride on a moving road grader Monday. Through the presence of mind of one of the operators he got off with a very bad knee but will be around again in a few days.

It is expected that the water works will be in operation again by the end of this week. The pipe line, pumps, boiler and engine have all been repaired and the only reason water is not now being pumped is that there has not been enough water available to run the boilers.

Miss Smith, the superintendent of the public Nursing Department of the Province of Alberta, spoke to a representative meeting of the town and county at Harrison Hall last Tuesday. The plan of the government is to make Clareholm one of the nursing centers. Miss Smith put the whole matter very clearly and there is little doubt but that the proposition will meet with general approval.

LOST

A two year old red and white heifer, dehorned, branded B.T on left shoulder. Reward for information leading to recovery.—H. A. Brown, P. O. Box 28, Clareholm. 1-p

Banking Credit for Farmers

THE CANADIAN BANK OF COMMERCE invites the Co-operation of its farmer customers in furthering its efforts to give them efficient service, particularly in the matter of credits for Grain Growing and Livestock

Grain Loans: It is this Bank's policy to carry its loans to grain growers so as to enable the latter to complete the Fall work on their land, and market their grain gradually after the freeze-up.

Livestock Loans: We make liberal loans to farmers, large and small, to purchase both leaders and breeding stock, and we carry such loans so as to enable farmers to finish the stock properly for market.

Make your Banker your financial adviser and let him help you to shape your plans with a view to enabling you to obtain what credit you require from the Bank and to pay cash for your goods.

It should be noted that the Bank Manager will not extend assistance of any kind, unless you can show the credit which you need, and to which you think you are entitled. This is a very important principle. Instead, by the laws before the Directors of your local Grain Growers Association, and are there to make the matter up with your Banker, so that you may be able to obtain the credit you need, and to pay cash for your goods.

This is the Directors' view that your case merits more generous treatment than the local Manager is disposed to give them, and on the basis of the Secretary of your Provincial Grain Growers Association, with a view to his discussing the matter with the Bank's chief Western representative.

This is a form of cooperation we would cordially welcome.

THE CANADIAN BANK OF COMMERCE

Another Letter to Mary

Dear Sister Mary—

Thank goodness, I have at last time to write, we are all through seeding. Our house is nearly completed, and most delightful has been the supervising of the work and the anticipation of its occupancy. Tom and I have congratulated ourselves on many things in connection with "our home," but particularly in our choice of Mr. Bill Fisher as carpenter and contractor. He has been in this neighborhood many years and has had always the reputation for honest and careful work. True he asked more than some of the out of town contractors whom we did not know, but Mr. Fisher has built into "our home" all the carefulness, skill, and homeliness of his nature, and we have already forgotten how much more he asked.

Tom says he heard at the lumber yard yesterday, that wholesale prices had already advanced from \$3.50 to \$7.50 per thousand feet. You may be too late to buy at the prices we paid.

Your loving sister Florence.
